SUBJECT:

Dear Governor Huntsman,

In regard to our 'bailout' of Questar, I would like to share my opinion with you.

Questar is a corporation. If any other corporate made billing mistakes or errors, they would simply have to absorb the loss.

I have a hard time accepting that because they were negligent in following up and/or testing their new meters, that we, as customers, have to incur the responsibility for this loss. If we have to pay this loss, I want some reassurance that Questar will not make errors such as this in the future. We, the taxpaying public, should not be looked upon as the 'safety net' to these regulated monopolies.

I am asking you protect our interests in regard to this issue.

Thank you,

Scot Loizos
