Hello,

I would like to file a written complaint about the increase in the price of natural gas for vehicles. I recently purchase a dedicated NGV to help reduce our dependence on foreign oil and clean up the environment. I feel that the increase in NG prices will have a negative impact on both of my reasons for purchasing this vehicle.

Please reconsider these effects and let the lower price of NG drive the increase use of these vehicles. This will help us reduce our dependence on foreign oil and increase the quality of the air we breathe.

Thanks,

Chris Cook RN BSN

Director of Nursing
