UTILITY: Natural Gas
ACCOUNT NUMBER: 1001-upset

COMPLAINT TYPE: Rate Increases

COMPLAINT: Your name implies that you are supposed to serve us the public. I think you need to rethink your'e decision to hike the price of natural gas as a motor fuel. Many of us are trying to decrease our "carbon footprint". Decisions like your's completely stifles us. Utah was a leader in the Natural gas area for achieving less dependance on foreign oil! This is exactly where we need to give support for this to happen! Let the market decide on the price. Even Qyestar is against this. Please rethink this directive! I speak for many of us out here who are trying to initiate this change over to natural gas. I spent thousands becoming educated & certified, (SLCC) trying to do this responsibly. Please give us the public a chance to voice our opinion! Signed, Kimball Phillips.

SUGGESTED RESOLUTION: Let the market decide the price! We can be a example for the rest of the country!
