Here is a constituent letter regarding the overlay. Can you please send the explanation to him with a copy of the letter you send to constituent services at the Governor's Office? Thanks. JPO

SUBJECT:

My concern is two issues. I tried to contact the PSC, (Public Service Commission) Via email. However the web page would not let me submit my comments. This is why I am contacting the Governor's web page. The issue I wanted to discuss with the PSC is the Overlay of the new area code. My concerns are that my young children are going to get confused in which area code to use when contacting others. Also the cost of long distance charges and not knowing your calling long distance until you get the bill. If instead of overlay we went to geographic it would make more sense. Thank you for your time. Please pass my comments on to the PSC.
