**Subject:** 801

Please make it so we do not have to dial 801 every local number. This is ridiculous. Make the change. We do not need this. If you are not the one who has power over this, please pass this on to who does.

No area code overlays. Please. No area code overlays!!

This will just allow the phone company to charge long distance rates on local calls without people even knowing it thereby double paying for the call, because we already pay for a large call area.

No area code overlays, separate the areas. Please.

Jared Miller
