Subject: New area code

CC: <jsharvey@utah.gov>
Merilee Livingston:

I have been told that you are the appropriate contact to receive input concerning the upcoming new area code in Utah. I am strongly opposed to the currently proposed method of overlaying the new area code over the 801 area code. The vast majority of phone calls that I and my family make are to the local area, and we don't want to be forced to dial 10 digits instead of 7 for these calls. I realize that switching to a new area code may force my business and others to change their phone numbers. But this would be preferable to inconveniencing everyone with every phone call. Please reconsider this decision.

Thanks,
Brad Clements
