Subject: Fwd: 10 digit dialing

>>> Heather Groom
Hi-

6/23/2008 9:20 PM >>>

I am emailing because I am very concerned about the new 10 digit dialing that will be going into effect soon. I feel that this is very unnecessary and I am disturbed that the public had no real opportunity to voice their opinion about it. I received a flyer in the mail after it had already been approved. I feel this needs to be looked at again and this time with citizen input. I would urge you to consider adding an area code in place of mandating 10 digit dialing. Please let me know if this is reconsidered and when any public meeting will be held. Thank you!
Heather Groom
