Subject: New Area Code

To: Merilee Livingston and John Harvey

Dear Merilee and John,

I am strongly in favor of adding a new telephone area code by splitting the existing 801 area in two. Please don't force everyone in the 801 area code area to change their phone numbers to include the area code. I am sure that over 90% of your users would prefer an area split, to your current proposal. Please follow the majority wishes of your constituents.

Thanks in advance!

Richard C. Shipp
