SUBJECT:  
Dear Mr. Governor,

I appreciate all that you have done to keep our state fiscally sound. I write today to express concern over the new phone area code overlay plan. Personally I don't want to dial 10 digits when calling my next door neighbor and would rather get an new area code. My suggestion would be to have the new area codes determined by geography, such as Utah Valley, Salt Lake Valley, etc. This would eliminate the necessity to memorize and/or dial full 10 digit numbers for a "quick" call.

Respectfully,

Steven Stringham
