**Re: Application of Beehive Telephone Co., Inc. for Certificate of Public Convenience and Necessity within the State of Utah, to provide telecommunications services in Docket No. 06-051-01**

Beehive Telephone Co. Inc. filed an application for a Certificate of Public Convenience and Necessity on September 1, 2006. The applicant has requested authority to offer service as a CLEC in its own territory. The Division has yet to complete the review and is lacking information necessary to recommend approval. The additional time needed appears to be approximately 60 days.

The Division, therefore, will withhold making a recommendation until review has been completed. Further data requests from applicant are necessary and contact will be made with applicant during this process.
