Re: Markham v. Dammeron Valley Water Works, Docket No. 07-2025-01

Dear Judge Goodwill:

Douglas Markham and Andrea Gasporra, the complainants in the referenced case, have reviewed the September 11, 2007, report and recommendations of the Division of Public Utilities in the matter. They understand that you wish to hold a technical conference in the matter, and they would like to participate through counsel—either directly or by telephone conference call.

We further understand that the owner of Dammeron Valley Water Works, Brooks Pace, may be out of the country and not available for several weeks. If it is not feasible for Dammeron Valley's counsel or office manager to attend such a conference to speak for Dammeron Valley, we do not object to the postponement of the technical conference until shortly after Mr. Pace returns.

However, because the Division's report contains recommendations that complainants believe should be timely implemented, further proceedings should be undertaken as soon as practicable.

Respectfully submitted,

JONES, WALDO, HOLBROOK & MCDONOUGH, P.C.

Gary G. Sackett

Attorney for Douglas Markham and Andrea Gasporra
